TBU® HIGH-SPEED PROTECTORS

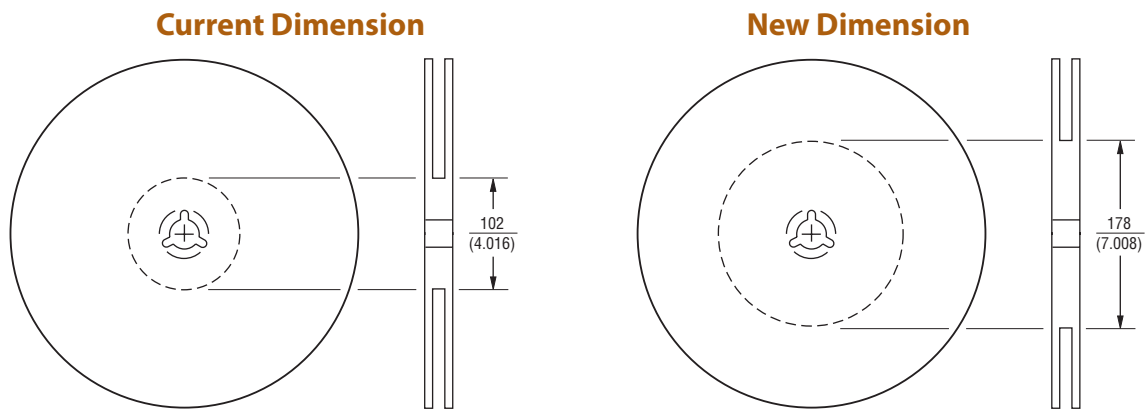

October 19, 2018

Change of Reel Hub Dimension for Bourns® TBU® High-Speed Protectors

In the spirit of continuous improvement, the reels used to pack the below mentioned Bourns® TBU® High-Speed Protectors will have the reel hub dimensions increased from 4" (102 mm) to 7" (178 mm). This change will minimize the empty distance from the edge of the taped products to the edge of the reel.

The change in the reel's hub will have no effect on form, fit, function, quality or reliability of the Bourns® products themselves.
