Bourns® SRN-LAB1 Semi-Shielded Power Inductor Design Kit to be Discontinued

Effective immediately, Bourns has discontinued the Magnetics Design Kit, SRN-LAB1, containing the semi-shielded power inductor series SRN3015, SRN6045 and SRN8040. The discontinuance is due to diminishing demand. (The products within the kit will remain available; only the kit itself is discontinued.)

The suggested replacement Magnetics Design Kits include [SRN-A-LAB1](#) and [SRN-A-LAB2](#).

- The SRN-A-LAB1 contains the AEC-Q200 qualified semi-shielded power inductor series SRN2010TA, SRN3012TA, SRN3015TA and SRN4012TA.
- The SRN-A-LAB2 contains the AEC-Q200 qualified semi-shielded power inductor series SRN4018TA, SRN6045TA and SRN8040TA.

Obsolete Kit	Suggested Replacement Kits
SRN-LAB1 <i>(Kit Contains Model SRN3015, SRN6045 & SRN8040)</i>	SRN-A-LAB1 <i>(Kit Contains Model SRN2010TA, SRN3012TA, SRN3015TA & SRN4012TA)</i>
	SRN-A-LAB2 <i>(Kit Contains Model SRN4018TA, SRN6045TA & SRN8040TA)</i>
