MINIATURE THERMAL CUTOFF DEVICES

Bourns® Model SA72CB0, SA77CB0, SA82CB0 and SA85CB0 Mini-Breaker Surface Mount Thermal Cutoff Devices to be Discontinued

Riverside, California – August 24, 2021 – In accordance with our ongoing product lifecycle management procedure, Bourns will transfer the [Model SA72CB0, SA77CB0, SA82CB0 and SA85CB0 Mini-Breaker Surface Mount Thermal Cutoff Devices](#) to an End of Product Life status on September 30, 2021. A lack of sales volume and diminishing demand necessitates this action.

Part numbers from the Model SA S-Type series are the recommended replacements for the discontinued parts. The form, fit and function of the suggested replacement model series are not identical to the obsolete model series. However, the specifications of the suggested replacement Model SA S-Type series are likely to be substitutable in typical applications. Please refer to Bourns' data sheets for more information about the similarities and differences between the discontinued part numbers and the suggested replacement part numbers. The discontinued part numbers and their recommended replacement part numbers can be found in the table below.

Affected Part Numbers	Recommended Replacement Parts
SA72CB0	SA72SB0
SA77CB0	SA77SB0
SA82CB0	SA82SB0
SA85CB0	SA85SB0

Customers must notify Bourns in writing within 30 days of publication of this notification if they consider the discontinued product to be sole sourced by Bourns. In such cases, Bourns will work with the customer to negotiate an appropriate End of Product Life purchase for the discontinued products. Orders for these discontinued products during this End of Product Life transition period will be considered non-cancellable. Products purchased during this End of Product Life transition period will be considered non-returnable and will be covered by Bourns' standard warranty.
