MAGNETICS

Bourns® Model PT91013L, PT91014L, PT91041L and 7870-RC Custom Magnetics to be Discontinued

Riverside, California – May 29, 2020 – In accordance with our ongoing product lifecycle management procedure, Bourns is discontinuing the Model PT91013L, PT91014L, PT91041L and 7870-RC through-hole custom-built magnetics. A lack of sales volume and diminishing demand necessitates this action.

Obsolete Part Numbers	
PT91013L	PT91041L
PT91014L	7870-RC

Regrettably, no replacement products are available at this time. Customers must notify Bourns in writing within 30 days of receipt of this notification if they consider the discontinued product to be “sole sourced” by Bourns. In such cases, Bourns will work with customers to negotiate an appropriate end-of-life purchase for the discontinued products. Products purchased during this End of Product Life transition period will be covered by Bourns’ standard warranty. Last Time Buy orders for these products will be considered non-cancellable and non-returnable.

Please plan for the following deadlines:

Last time buy date: **July 25, 2020**

Last time ship date: **January 25, 2021**

If you have any questions or need additional information, please feel free to contact [Customer Service/Inside Sales](#).
