Model 98 - End of Life

Sensors and Controls Division is announcing the end of life for Model 98 – the 5/8” square panel control with J-hook, terminals and switch. This model was removed from the catalog in 1997. However, we have continued to fill orders for several years. Recent inactivity in sales has prompted us to discontinue production on this model.

At this time, we are asking customers to assess their needs for Model 98 and place last time buy orders. ***The deadline for accepting final orders will be September 29, 2006.***

Orders may not be scheduled out. ***All shipments will be made by no later than December 15, 2006.***
