TRIMPOT® TRIMMING POTENTIOMETERS

Bourns® Model 3306F-WHT-103 6 mm Round Trimpot® Trimming Potentiometer to be Discontinued

Riverside, California – June 25, 2020 – In accordance with our ongoing product lifecycle management procedure, Bourns will transfer the Model 3306F-WHT-103 6 mm Round Trimpot® Trimming Potentiometer to an End of Product Life status on September 30, 2020.

A recommended replacement product is available. The replacement device is equivalent in fit and function, but the form is slightly different due to a change in rotor color. Please contact the Bourns team of Field Application Engineers if you have any questions regarding the suggested replacement part and your application requirements. The affected part number and the recommended replacement part number are shown below. Evaluation samples are available upon request.

Obsolete Part Number	Recommended Replacement Part Number
3306F-WHT-103	3306F-1-103

Customers may continue to purchase this product during the End of Product Life transition period between now and September 30, 2020. Products purchased during this End of Product Life transition period will be covered by Bourns' standard warranty. Orders for this product during this End of Product Life transition period will be considered non-cancellable and non-returnable.

Please plan for the following deadlines:

Last time buy date: **September 30, 2020**

Last time ship date: **December 31, 2020**

Should you have any questions or need additional information, please feel free to contact [Customer Service/Inside Sales](#).
