Bourns® GDT Products Group Releases BalUn Module

Riverside, California - November 11, 2009 - Bourns is pleased to announce the release of the [3617-02 POTS splitter / BalUn \(Balanced-Unbalanced\) combination module](#). The 3617-02 combines a 75 to 100 ohm impedance-matching circuit with the circuitry of the Bourns® 3610A2 Series ADSL2+ / VDSL2 POTS Splitter. The 3617-02 is optimized for video with specialized circuitry to withstand ring-trip currents as high as 400 mA. The 3617-02 is also designed to be compatible with various types of NIDs. The 3617-02 is now available through authorized Bourns OSP distributors.

Features

- Combines ADSL2+ / VDSL2 splitter with twisted pair to coaxial adapter
- Saves space by only occupying a single position in standard NIDs
- Fast and easy installation
- Service interoperability and compatibility with most existing NIDs
- Bus mount - occupies one position in the NID
-  UL Listed per 1863
