### Bourns® Model PTVS6-xxxC-TH Series Change to Multiple and Minimum Order Quantities

Riverside, California - February 6, 2014 - Bourns is adjusting the Multiple Order Quantity (MULT) for the Bourns® Model [PTVS6-xxxC-TH](#) Series High Current TVS Diodes from 10 pieces to 50 pieces and the Minimum Order Quantity (MOQ) from 10 pieces to 50 pieces. It is more cost-effective to package these models in trays of 50 due to their small size (when compared to the larger Models PTVS10 and PTVS15 Series, which are packaged in trays of 10). There is no impact on the form, fit, or function of the products.

Part Number	Current MULT	Current MOQ	Updated MULT	Updated MOQ
PTVS6-058C-TH	10	10	50	50
PTVS6-076C-TH	10	10	50	50

Should you have any questions or need additional information, please feel free to contact [Customer Service/Inside Sales](#).
