TRANSFORMERS

Reel Packaging Color Change for SM-LP Series Line-Matching and SM536 Series ADSL Transformers

Riverside, California - December 5, 2011 - Effective April, 2012 with manufacturing date code 1214, the color of the reel packaging for the Bourns® Model SM-LP Series Line-Matching and SM536 Series ADSL Transformers will be a blue color vs. the current white color shown in the images below. The white colored SMD component package reel has become difficult to procure, necessitating a change to the blue colored reel.

Before

After

The material characteristics and reel dimensions of the blue colored reel are identical to the white colored reel.

The affected part numbers are: [SM-LP-5001E](#) [SM-LP-5002E](#)
[SM-LP-5001MEL](#) [SM536-1EL](#)
[SM-LP-5001-2E](#)

Please contact your local [Bourns Representative](#) or [Bourns Customer Service](#) for further information.

SM-LP-500x Series Features
