Bourns® Inductive Components Product Line Adds RLB9012 Power Inductor Series

Bourns® Inductive Components Product Line expands the radial lead power inductor product offering with the addition of the [RLB9012 series](#). Only slightly larger than the existing RLB0912 series, Model RLB9012 offers values from 1.0 uH through 47 mH at current ratings from 10 amps to 80 milliamps.

Model RLB9012 is RoHS compliant*. Standard packaging is 200 pieces per bag.

The data sheet for the RLB9012 series has been added to the Bourns website (www.bourns.com).

Samples are available upon request.
