Bourns® Trimpot® Product Line Announces the New Surface Mount Trimmer Short Form Catalog

Riverside, California - January 14, 2009 - Bourns® Trimpot® Product Line is pleased to announce the release of a [short form catalog for sealed surface mount trimming potentiometers](#). The short form catalog gives the customer a quick overview of the current sealed surface mount trimming potentiometer offering and features. The short form catalog is currently available in the technical library of our website. Also available are short form catalogs for our [sealed through-hole trimming potentiometers](#) and our [consumer \(open-frame\) trimming potentiometers](#).
