### Model CE201210 Series Multilayer Chip Inductors - Minimum Order Quantity Adjustment

Riverside, CA - March 30, 2015 - Effective April 27, 2015, the Minimum Order Quantity (MOQ) for [Model CE201210](#) will be adjusted to 20,000 pieces. The order quantity adjustment has become necessary in order to maintain production efficiency and to control manufacturing cost. There is no change to the Multiple Ordering Quantity (MULT).
