GAS DISCHARGE TUBES

## **Bourns® GDT Products Group Releases Application Note on: *First Principles of a Gas Discharge Tube (GDT) Primary Protector***

Riverside, California - March 11, 2008 - Bourns is pleased to announce the release of a new [white paper](#) written by Bourns Circuit Protection Senior Field Applications Engineer Tim Ardley. The application note has been written to help engineers understand the operation of a GDT and to aid in the design of telecom circuit protection solutions.

The application note covers the basic operation, electrical parameters, dynamic performance and life cycle of the Bourns® GDT device. The application note can be downloaded from the Bourns website Library at [www.bourns.com](http://www.bourns.com).
