## Bourns® Sensors & Controls Product Change Notification for Model PDB241-GTR

Riverside, California - August 23, 2011 (REVISED) - Bourns® Sensors & Controls is announcing a change to our [Model PDB241-GTR](#) 24 mm Guitar Potentiometer. The part was previously only marked with the date code on the rear cover. New parts of this model will now have the “**B**” trademark stamped on the rear cover.

Below you will see the current production part and the new “**B**” trademark stamped part.

The new “**B**” stamped part will begin shipping with all new orders. There is no change in price for the new updated part.

Should you have any questions or need additional information, please feel free to contact [Customer Service/ Inside Sales](#).
