## MAGNETICS

## Bourns® Model FB2000 Series Wide-Band Chokes

### Core Supplier Change

Riverside, California – July 30, 2024 – In order to support our fast-growing demand, enhance continuity of supply and provide maximum flexibility to customers, effective December 5, 2024, Bourns will change the core supplier for the [Model FB2000 Series Wide-Band Chokes](#). The new supplier has been qualified and is included in the Bourns Authorized Vendor List. A list of affected part numbers is included below.

#### Affected Part Numbers

FB20009-3B-RC

FB20019-4B-RC

FB20010-3B-RC

FB20020-4B-RC

FB20011-3B-RC

FB20021-4B-RC

FB20022-4B-RC

The form, fit, function, quality, and reliability of the inductors will not be affected by the change. Traceability will be maintained through lot code and date code.

Samples built with the above changes are available on request. Bourns recommends that customers test the affected part numbers in their specific applications for verification of satisfactory performance.

#### Implementation dates are as follows:

Date that deliveries of products manufactured using cores from the existing supplier will cease: **December 4, 2024**

Date that deliveries of products manufactured using cores from the new supplier will begin: **December 5, 2024**

First date code using the above changes: **2449**

If you have any questions or need additional information, please feel free to [contact Customer Service/Inside Sales](#).

Users should verify that the described changes will not impact the performance of the product in their specific applications.
