Select Bourns® High Current Toroid Inductors

Additional Manufacturing Site, Packaging Quantities, Minimum Order Quantities and Multiple Order Quantities

Riverside, California – October 8, 2025 – In order to support our fast-growing demand and enhance continuity of supply, effective March 23, 2026, Bourns will establish a new additional manufacturing site in Tunisia for select 2100, 2200, 2300 and 2300HT High Current Toroid Inductors. A list of affected part numbers is included below.

The new additional manufacturing site in Tunisia uses the same design, material, and manufacturing process as the existing site. The inductors produced at the new manufacturing site will meet the same data sheet specifications as the inductors from the existing site. However, inductors manufactured at the new site will have a change in the standard packaging quantities, minimum order quantities (MIN) and Multiple Order Quantities (MULT). See table below. The packing trays and boxes used at the existing site will remain the same.

The form, fit, function, quality, reliability, and production lead time of these inductors from the new additional manufacturing site will be the same as the existing site. Traceability will be maintained through lot code and date code. The country of origin will change from Honduras to Tunisia for products produced at the new additional manufacturing site.

Samples are available upon request. Bourns recommends that customers test the affected part numbers in their specific applications for verification of satisfactory performance.

Implementation dates are as follows:

Date that deliveries of products manufactured at both manufacturing sites will begin: **March 23, 2026**

First date code using the above changes: **2613**

Affected Part Numbers	Previous Standard Pkg. Quantity	Previous MOQ	Previous MULT	New Standard Pkg. Quantity	New MOQ	New MULT
2109-H-RC	100	200	100	40	200	40
2205-V-RC	77	154	77	48	192	48
2209-H-RC	64	128	64	40	160	40
2301-V-RC	50	150	50	35	175	35
2300HT-120-V-RC	50	150	50	35	175	35
2300HT-151-H-RC	36	144	36	30	150	30
