

# PRODUCT CHANGE NOTIFICATION

## MULTIFUSE® PPTC RESETTABLE FUSES

## Bourns® Model MF-DC010 Multifuse® PPTC Resettable Fuse

### Change of Marking Content

Riverside, California – April 22, 2025 – Effective July 21, 2025, Bourns will change the marking content of the [Model MF-DC010 Multifuse® PPTC Resettable Fuse](#) due to material management optimization. The affected part number is shown below.

#### Affected Part Number

MF-DC010-0

The form of the product will change slightly due to the change in the marking. The fit, function, quality, and reliability of the affected Multifuse® PPTC Resettable Fuses will remain the same. Traceability will be maintained through lot code and date code.

The Bourns® Multifuse® PPTC Resettable Fuse Model MF-DC010 will continue to be RoHS compliant\* and halogen free\*\*.

Samples are available upon request. Bourns recommends that customers test the affected part numbers in their specific applications for verification of satisfactory performance.

#### Implementation dates are as follows:

Last Time Buy: **June 23, 2025**

Date that manufacturing of products with the existing marking will cease: **July 15, 2025**

Date that deliveries of products with new marking will begin: **July 21, 2025**

First date code using the above changes: **197-5**

If you have any questions or need additional information, please feel free to [contact Customer Service/Inside Sales](#).

Users should verify that the described changes will not impact the performance of the product in their specific applications.

\* RoHS Directive 2015/863, Mar 31, 2015 and Annex.

\*\* Bourns considers a product to be "halogen free" if (a) the Bromine (Br) content is 900 ppm or less;

(b) the Chlorine (Cl) content is 900 ppm or less; and (c) the total Bromine (Br) and Chlorine (Cl) content is 1500 ppm or less.
