

Product Change Notification

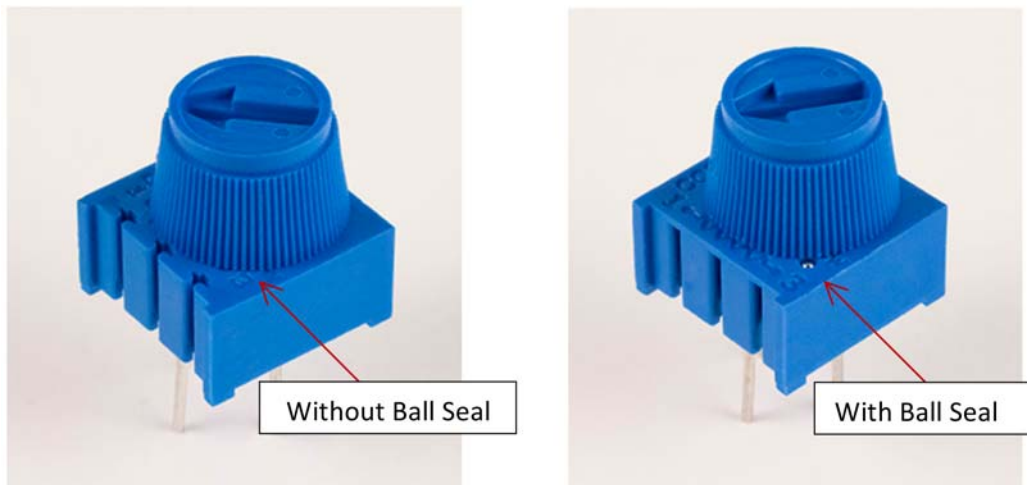

TRIMPOT® TRIMMING POTENTIOMETERS

REVISED MAY 30, 2014

New Housing Design for Model 3386 T Version Trimpot® Trimming Potentiometer, All Pin Styles

Bourns Trimpot Product Line announces a new housing design for the Bourns® Trimpot® Trimming Potentiometer [Model 3386 T Version](#), all pin styles. This change applies to the model with the knob feature and/or extended rotor.

There is no change to fit or function. However, the new design requires a ball seal on the housing, which changes the form. There are no changes to any of the electrical specifications or to the performance of the product. The first date code to identify the changed products will be 427C.

Current Design

Improved Design
