

# BOURNS®

## Product Change Notification

TBU® HIGH-SPEED PROTECTORS

October, 2013

### **Addition of a New Silicon Manufacturing Site for Bourns® Model TBU-PL075-100-WH and TBU-PL075-200-WH TBU® High-Speed Protectors (HSPs)**

The Bourns® Model [TBU-PL075-100-WH](#) and [TBU-PL075-200-WH](#) TBU® High-Speed Protectors will now be manufactured at an additional silicon manufacturing site to help support the increasing demand for these devices.

Currently, Bourns manufactures the device in Chungju, Korea. The addition of the new manufacturing site in Hangzhou, China will help provide a secure, flexible supply chain to our customers. Manufacturing at the new site does not impact the form, fit, or function of the products.

Qualification testing has been completed and evaluation samples are available upon request.

Implementation dates are as follows:

*We will begin phasing in this process:* December, 2013

*First date code using the above changes:* 1401

*Date that deliveries of the products will begin:* February 1, 2014

Should you have any questions or need additional information, please feel free to contact [Customer Service/Inside Sales](#).
