Bourns® Trimpot® Product Line 3386-DM7 End of Life

Due to a continuing low demand, Bourns® Trimpot® product line is announcing the end of life for the Model 3386-DM7-RC.

There is no difference between the 3386-DM7 and the standard 3386-1-RC with a T suffix. The -DM7 was developed before Bourns offered the standard 3386-1-RC T, with the T indicating the thumbwheel knob was included. The 3386-DM7-RC crosses to the standard part number 3386-1-RC T.

At this time we are asking our distributors to reference the standard model as Bourns is phasing out the -DM7 designator. Please make note of the following deadlines:

- *Orders will be accepted until October 3, 2011.*
- *Last ship date will be December 16, 2011.*

All last time buy orders are final. Last time buy orders may not be scheduled out.

If you require additional assistance, please contact Bourns Techweb at techweb@bourns.com.
