Bourns® Model CDMSP10-0504M TVS Diode to be Discontinued

Riverside, California – February 25, 2021 – In accordance with our product life cycle management procedure, Bourns is transferring the Model [CDMSP10-0504M](#) TVS Diode to an End of Product Life status on June 28, 2021. A lack of sales volume and diminishing demand necessitates this action.

The recommended replacement for the obsolete part number is Model [CDDFN10-0524P](#).

Obsolete Part Number	Recommended Replacement Part Number
CDMSP10-0504M	CDDFN10-0524P

The Model CDDFN10-0524P is the closest alternative to the Model CDMSP10-0504M but is housed in a smaller package. Users should test the suggested replacement product to determine actual device performance in, and its suitability for, their specific application. Samples are available upon request.

Customers must notify Bourns in writing within 30 days of receipt of this notification if they consider the discontinued product to be “sole sourced” by Bourns. In such cases, Bourns will work with customers to negotiate an appropriate End of Product Life purchase for the discontinued products. Orders for this discontinued product during this End of Product Life transition period will be considered non-cancellable. Products purchased during this End of Product Life transition period will be considered non-returnable and will be covered by Bourns’ standard warranty.

Please plan for the following deadlines:

Last time buy date: **June 28, 2021**

Last time ship date: **January 28, 2022**

If you have any questions or need additional information, please feel free to contact [Customer Service/ Inside Sales](#).
