Select Bourns® SRR1260A Series Shielded Power Inductors to Be Discontinued

Riverside, California – April 30, 2026 – In accordance with Bourns' ongoing product lifecycle management procedures, effective October 31, 2026, select SRR1260A Series Shielded Power Inductors will be transferred to an End of Product Life (EOL) status. This action is due to insufficient sales volume and declining market demand.

The obsolete part numbers and their recommended replacement part numbers are listed in the table below.

Obsolete Part Numbers	Recommended Replacement Part Numbers
SRR1260A-1R2Y	SRR1260A-1R0Y
SRR1260A-2R4Y	SRR1260A-2R2Y
SRR1260A-3R5Y	SRR1260A-3R3Y
SRR1260A-6R1Y	SRR1260A-5R6Y
SRR1260A-7R6Y	SRR1260A-6R8Y

The recommended replacement parts listed above are not direct equivalents to the obsolete parts. However, their electrical and mechanical specifications are expected to be suitable for typical applications. Customers are advised to review the relevant Bourns datasheets or contact a Bourns Application Engineer for additional guidance. Customers should also evaluate the suggested replacement parts in their specific applications to ensure satisfactory performance. Samples of the recommended replacement parts are available upon request.

Customers may continue to place orders for the obsolete part numbers during the End of Product Life transition period through October 31, 2026. Orders placed during this period will be considered non-cancellable and non-returnable and will be covered under Bourns' standard warranty terms.

Please plan for the following key dates:

Last Time Buy Date: **October 31, 2026**

Last Time Ship Date: **April 30, 2027**

If you have any questions or need additional information, please feel free to [contact Customer Service/Inside Sales](#).
