Select Bourns® Model CD214A-FS1x Series Surface Mount Rectifier Diodes to be Discontinued

In accordance with our ongoing product lifecycle management procedure, Bourns has identified select Bourns® Model CD214A-FS1x Series Surface Mount Rectifier Diode products that are being transferred to an End of Product Life status.

Recommended replacement products are available. The replacement devices are functionally equivalent and are pin-to-pin compatible. Please contact the [Bourns team of Field Application Engineers](#) if you have any questions regarding the suggested replacement parts and your application requirements.

Bourns is discontinuing the Model CD214A-FS1x Series listed below with an effective date of December 1, 2018. Products purchased during this End of Product Life transition period will be covered by Bourns' standard warranty. Last Time Buy orders for these products will be considered non-cancellable and non-returnable.

Recommended Replacement
