

Product Obsolescence Memo

TBU® HIGH-SPEED PROTECTORS

June, 2014

Bourns® Model P-U Series TBU® High-Speed Protectors to be Discontinued

In accordance with our ongoing product lifecycle management procedure, Bourns has identified select TBU® High-Speed Protector products that will be transferred to an End of Product Life status. A lack of sales volume and diminishing demand necessitates this action.

Bourns suggests the Model TBU-DT Series High-Speed Protectors as suitable replacements. The Model TBU-DT Series is smaller, a 5 x 5 mm DFN package compared to the existing Model P-U Series of 7.75 x 6.25 mm. Products purchased during this End of Product Life transition period will be covered by Bourns' standard warranty. Last Time Buy orders for the discontinued products will be considered non-cancellable and non-returnable. Please contact the Bourns team of Field Application Engineers if you have any questions regarding the suggested replacement parts and your application requirements.

Obsolete Part Numbers	Replacement Part Numbers
P650-U100-WH P650-U100-BH	TBU-DT065-100-WH
