

Bourns® Commercial Panel Controls

Short Form Brochure

Introduction

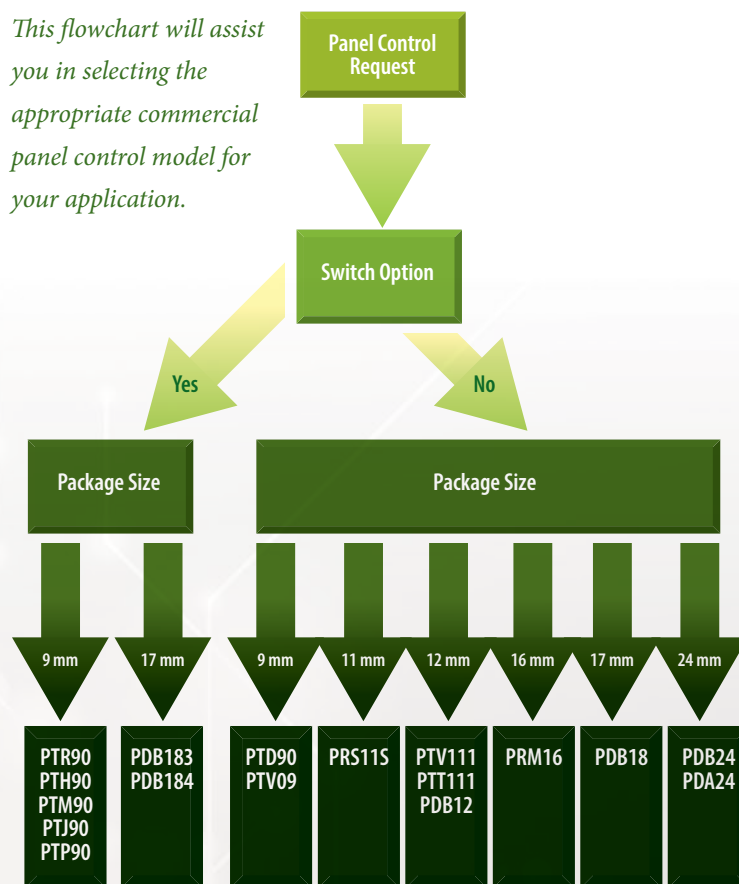

Bourns Sensors and Controls Product Line is committed to providing customers with an expanding array of commercial panel controls suitable for use in a wide variety of commercial and consumer applications. Bourns' portfolio of commercial panel controls is designed to provide the consumer electronics market with cost-effective yet durable rotary panel control solutions.

Bourns® commercial rotary panel control products include 9 - 24 mm package sizes, and offer a variety of shaft lengths, multiple section options, center detent, insulated or metal shaft, audio or linear taper, different terminal styles, and a variety of other standard options.

Select models have integrated rotary, push-pull, or push latching switches for added function in a single control. Select models also offer dual concentric shafts to facilitate the adjustment of multi-section panel controls separately. With a wide variety of panel controls and options, Bourns has a solution to fit most every application.

Commercial Panel Controls Selection Guide

This flowchart will assist you in selecting the appropriate commercial panel control model for your application.

Array of Applications

Popular Professional and Commercial Audio

- Audio mixers
- Broadcast consoles
- Digital drums
- Digital pianos
- Electric guitars
- Electronic keyboards
- Game stations
- Home sound systems
- Lighting systems
- Mobile DJ systems
- Portable stereos
- Video editing stations

Popular Portable Electronics Product Applications

- 2-way radios
- Appliances
- Bar code scanners
- Battery chargers
- Copiers
- Cordless phones
- CO₂-, gas-, heat- and humidity-detectors
- Intercom systems
- Irrigation controllers
- Multimeters
- Portable monitoring equipment
- Power generators
- Radio systems
- Scanners

Popular Test and Measurement Product Applications

- Appliance testers
- Backplane testers
- Battery testers
- Board in-circuit testers
- Cable testers
- Calibration equipment
- Component testers
- Continuity testers
- Counters
- Cycle testers
- Disk drive testers
- Distortion testers
- Electric motor testers
- Electrostatic testers
- Environmental chambers and testers
- High voltage testers
- Hi-pot testers
- Integrated circuit testers
- Laser and fiber optic testers
- Light testers
- Logic and spectrum analyzers
- Oscilloscopes
- Power supply testers
- Radiation & X-ray testers
- Signal level testers
- Telecom line testers
- Timers
- Transmission testers
- Tube testers
- TV/Video generation testers
- Ultrasonic testers

Consumer (White) Goods

- Blenders
- Clothes dryers
- Clothes washers
- Food processors
- Hand mixers
- Microwaves
- Refrigerators
- Stove top controls

Telecommunications Product Applications

- 2-wire communication interfaces
- 2-way radios
- Access equipment
- CB and shortwave base stations
- Computerized telephone equipment
- Data communications equipment
- Digital television cable boxes
- Hardwired communication interfaces
- Hardwired remote controls
- Headset amplifiers
- Internet telephony equipment
- Mobile phone equipment
- Mobile phone headsets
- Satellite systems
- Video conferencing equipment
- Wireless remote controls

Bourns® Commercial Panel Controls
